

Hospital Services

Children who suffer from chronic illnesses and brain injuries have unique challenges and may require specialty treatment to overcome emotional or behavioral issues. We offer extra support to help children cope and to successfully manage physical and the psychosocial factors contributing to noncompliance so they can achieve a brighter future.

Our program offers:

- Realistic and practical life-skills training
- On-site medical providers
- Nurturing staff
- Management of aggressive behaviors
- On-site Cumberland Academy with customized curriculum
- Peaceful, therapeutic setting
- Assistance with overnight stay through partnership with Ronald McDonald House of Richmond
- Access to Parent Family Advisory Council — resource for families and guardians of patients

Treatment goals:

- Improved quality of life
- Enhanced life skills
- Improved conditioning
- Reduced hospital readmissions
- Reduced medication costs
- Continued gains post-discharge

Conditions we treat:

- Asthma
- Cerebral palsy
- Diabetes
- Diabulimia
- Down syndrome
- Eating disorders
- Food aversion
- GI conditions
- HIV
- Hypertension
- Marfan syndrome
- Morbid obesity
- Muscular dystrophy
- Prader-Willi syndrome
- Recovery from bariatric surgery
- Renal disease
- Seizure disorders
- Sickle cell
- Spina bifida
- Spinal cord injuries
- Transplant recipients
- Other conditions
